

VERO BRUSH OFF

- **SUMMARY** **ALL-PURPOSE SEMI-COVER VARNISH USED TO OBTAIN ANTIQUE-STYLE TWIN-COLOUR EFFECTS ON SOLES AND HEELS IN ALL SYNTHETIC MATERIALS**
- **CHARACTERISTICS** **VERO BRUSH OFF** is a solvent varnish for special effects: brushed twin-colour, antique-aged, "mould" effect and twin-colour brush-on finishing. In practice, **VERO BRUSH OFF** is an all-purpose varnish used on all synthetic materials, such as: polyurethane, TR rubber, heels in polystyrol or ABS. The special formulation allows finishing all synthetic materials by direct application of **VERO BRUSH OFF** onto the material, or else to give a covering base and then a finish with **VERO BRUSH OFF**. Its ease of application and brushing allows marked or homogeneous effects to be obtained, depending on the intensity of the brushing. **VERO BRUSH OFF** is available in a very wide range of finishes and colour effects.
- **APPLICATION**
 - **VERO BRUSH OFF** is applied by manual spraying or with suitable equipment, directly onto the soles or heels, or else it is applied as a second coat after the part is sprayed with covering base varnish
 - leave to dry completely
 - brush with rotating-cloth disk brush (brush speed 800 rpm)
 - by varying the brushing intensity, part of the surface layer is removed, to a greater or lesser extent, and the base colour appears
 - once the desired twin-colour intensity is obtained, the shine of the film can be increased by brushing with woollen brush
- **COLOURS** As per requirement
- **SOLVENTS** To dilute or wash, use **SOLVENT**
- **PACKING** Cann of 20 Kg
- **STORAGE** The product will keep for about 24 months in original tightly sealed container in dry and ventilated place. Avoid frost and excessive heat.
